SEND

Family Information Service

Dudley's Local Offer

SEND Reform:

The Local Offer aims to provide information about all the services and support available for those children and young people with Special Educational Needs or Disability (SEND) with or without an education, health and care plan (EHCP) from birth to 25. The Local Offer provides information on the following:

- the range of education, health and care provision available.
- what is 'ordinarily available' to parents in their local mainstream educational provision.
- the arrangements for identifying and assessing children and young people's SEND.
- other types of educational provision (e.g. sports or arts provision).
- training provision (e.g. apprenticeships) particularly for older students.

- travel arrangements to and from educational provision.
- types of support available to help young people to prepare for adulthood.
- support groups, forums, childcare and leisure providers.
- complaints procedures and dispute resolution.

The Local Offer is a one-stop-shop for young people, parents, carers, family members and practitioners working with families. It will help in finding the information they want about support and services for children and young people with special educational needs and disabilities.

Dudley's Local Offer includes information on short breaks, health services, leisure activities, travelling to school or college, training for work and help for young people to move towards independence in adulthood.

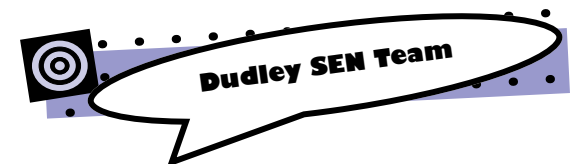

Family Information Service

All advice and information given by the FIS is free and confidential. Our helpline is open from 9am to 5pm, Monday to Friday, and we have a 24hr website.
