

Acceptable use policy agreement – School Community user

You have asked to make use of our school's ICT facilities. Before we can give you a log-in to our system we need you to formally agree to use the equipment and infrastructure responsibly.

For my professional and/or personal safety:

- I understand that the school will monitor my use of the ICT systems, email and other digital communications.
- I will not disclose my username or password to anyone else, nor will I try to use any other person's username and password.
- I will immediately report any illegal, inappropriate or harmful material or incident, of which I become aware, to a member of the school's staff.

I will be responsible in my communications and actions when using school ICT systems:

- I will not access, copy, remove or otherwise alter any other user's files or data, without their express permission.
- I will communicate with others in a professional manner, I will not use aggressive or inappropriate language and I appreciate that others may have different opinions.

The school and the local authority have the responsibility to provide safe and secure access to technologies and ensure the smooth running of the school:

- I will not open any attachments to emails, unless the source is known and trusted, due to the risk of the attachment containing viruses or other harmful programmes.
- I will not try to upload, download or access any materials which are illegal (child sexual abuse images, criminally racist material, adult pornography covered by the Obscene Publications Act) or inappropriate or may cause harm or distress to others.
- I will not try to use any programmes or software that might allow me to bypass the filtering / security systems in place to prevent access to such materials described above.
- I will not try (unless I have permission) to make large downloads or uploads that might take up internet capacity and prevent other users from being able to carry out their work.
- I will not install or attempt to install programmes of any type on a machine, or store programmes on a computer, nor will I try to alter computer settings, except with the specific approval of the school.
- I will not disable or cause any damage to school equipment, or the equipment belonging to others.
- I will immediately report any damage or faults involving equipment or software, however this may have happened.

I have read and understand the above and agree to use the school ICT systems (both in and out of school) within these guidelines. I understand that failure to comply with this agreement will result in my access to the school's ICT systems being withdrawn, that further actions will be taken in the event illegal activity, and that I may be held liable for any damage, loss or cost to the school as a direct result of my actions.
