

# Caterpillar Class

## Curriculum Newsletter

We hope you and the children have had a lovely Christmas!

Please send in or put on Tapestry any photos of the children during the Christmas holidays.

These will be used during our language sessions.

### Physical Development

This half term, the children will be taking part in a dance session on a Friday afternoon. A dance teacher will encourage the children to follow simple moves from familiar party songs.

### Eating

We will be working on using a knife and fork during dinner times. The children have been trying hard to eat their meals independently.

Our topic this term is...

'Eco-Warriors'

This half term, the children will be learning about different textures and materials. They will be making lots of crafts, using recyclable objects.

Please send in any large cardboard boxes as we will be transforming them into cars for our Caterpillar Class 'Drive in Cinema' day.

Last half term, the children have been using lots of different media for mark making. The children have been trying hard with their name writing.

We will be continuing with mark making and encouraging them to do this independently.

### Home Learning Opportunities

- Visit a local park
- Recycle to make something new.
- Mark making at home and send these in to show us.
- Recycle at home with your child.

We are going to make a sensory area in our outdoor playground. Please send in any small bottles, lids, cereal boxes, egg boxes or Kitchen Roll tubes. Thank you!
