Wednesday 18th March 2020

Dear Parents/Carers

School closure

It is with deep regret that I have to inform you that we will need to close Woodsetton for the remainder of this week due to a significant area of the school being inaccessible to our pupils due to emergency electrical work. Please be rest assured that this is not due to the Coronavirus.

Whilst school is closed for the remainder of this week please feel free to use the packs sent home yesterday to keep children engaged with their learning.

In relation to the Coronavirus however, I am sure like everyone, you will continue to be concerned about the current situation. To reassure you we are continuing to work very closely in conjunction with the Local Authority and Public Health England.

Please note we are aiming to re-open on Monday 23rd March unless situations change in the meantime.

Thank you for your ongoing support at this challenging time.

Yours sincerely

Mrs K Beer
Headteacher
