

Frog Class

Curriculum Newsletter

Welcome to the latest newsletter from Frog Class, we hope you had an excellent and relaxing Christmas and New Year. The staff in the Frog Class team remain the same, please remember that you can keep in touch sharing interesting things the children have done at home by using frog@woodsetton.dudley.sch.uk. This term we will be starting to turn our tadpoles into real swimming frogs! Our swimming lessons are an important part of the curriculum and the children will gain tremendous confidence and self-belief as they develop their skills.

Our topic for this term is called Eco Warriors, we will be looking at how we can protect the environment and create a better world for the future. We will not be forgetting Chinese New Year or World Book Day either! We are going to be raising money for the charity Water Aid with an enterprise activity.

Eco Warriors!

We will be identifying ways that we can help to preserve the earth, including looking at how to reduce, reuse and recycle; water safety and conservation; and creating a better environment for local wildlife.

Science

In our science work we will be identifying and sorting materials. Then as spring approaches we will look at growing plants for food.

English

We are going to be looking at the features of recounts and writing our own. We will use the internet to help us research and compile our own non-fiction texts. In Spring we will look at descriptive poetry including haiku.

Creative curriculum

We will be looking at using waste materials to create models. In our art work we will be collecting natural waste materials from the school forest to create art in the style of Andy Goldsworthy.

Home Learning Possibilities

Help the children to conduct a review of how much you could do at home to reduce, reuse and recycle! Use materials from the garden to create recycled art. Look at where food you have purchased is grown and find these places on a map. Any work they produce at home and bring to school will be shared and celebrated! Don't forget to email in great photos!
