## SUBJECT - Topic

Our Topic for this term is 'Eco Warriors'. We will be looking at how we can reuse, reduce or recycle our rubbish. In DT we are designing outfits for our teachers made from rubbish ready for a fashion parade! We will use our ICT skills to research our outfits.

In R.E. we will be looking at how different religions explain the creation.

## SUBJECT – Science

In science we are looking at different materials. We are learning about their properties and possible uses. We will also be carrying out experiments to see if we can change them.

## Home learning

Please support your child by hearing them read and practising spellings with them.
